

LOCAL CONSTRUCTION CONTRACTOR/SUBCONTRACTOR
OUTREACH

The **Sierra Sands Unified School District (SSUSD)** is soliciting interest from Local Contractors and Subcontractors to provide bids as Prime Trade Contractor or Subcontractor for the following Work:

BURROUGHS HIGH SCHOOL-MODERNIZATION
200 E DRUMMOND AVENUE
RIDGECREST, CA
PROJECT NO. 220001

In that regard, the SSUSD is holding a special Contractor Outreach Meeting to orient Local Contractors and Subcontractors to the elements of the work and the best method of providing bids on various aspects of the work. The meeting will be held at:

RIDGECREST CITY COUNCIL CHAMBERS
100 W CALIFORNIA STREET
RIDGECREST, CA 93555
NOVEMBER 10, 2015
6:30 PM

The Project will be constructed by multiple Prime Trade Contractors, each working under a separate contract or contracts with the District. This procurement is for prime contracts and/or their subcontractors to perform the various bid packages of the project as listed below. A contractor who is awarded a contract will be referred to as a "Prime Trade Contractor." The "General Trades" Contract will include multiple subcontracts that are listed in the bidding documents.

DESCRIPTION OF PROJECT:

Burroughs High School Modernization project includes demolition and replacement with new mechanical, electrical and technology infrastructure and finish, new windows, doors and hardware, new finishes including floor covering, wall covering, interior and exterior paint, signage and ceilings; removal and replacement of existing roof membranes. Site work will include demolition and replacement of concrete and asphalt walkways, stairs and parking lots. A new Administration Building and a new Concessions/Restroom Facility will be a part of the project. The Project will be constructed using Multiple Prime Trade Contractors, totaling approximately 18 unique Bid Packages, with each Prime Trade Contractor/subcontractors executing a direct Contract with the District. The Construction Manager will provide full time, on-site Construction Management, including coordination, scheduling and quality control for the entire Project.
