

SIERRA SANDS Unified School District

District Communication April 8

Dear Parent/Guardian:

As we move through a rain-filled spring break this week, I want to remind everyone that we will transition to **Distance Learning starting Monday, April 13th.**

Just as we have welcomed students onto our campuses and classrooms, we look forward to welcoming students into our “virtual classrooms” through the Google platform on Monday. Just as students are ordinarily expected to enter through the physical door of a classroom, now students and families should enter their “virtual classrooms”. All Sierra Sands students should continue to engage in learning during our temporary school closures.

Distance Learning information and resources can be found on the district website and school websites under the "Distance Learning" tab. Information will be updated regularly to meet the needs of parents and students.

More than ever before, we will work together in partnership with families to overcome our challenges and celebrate our successes to ensure that learning continues for all students.

Together we are stronger!

Sincerely,
Dave Ostash,
Superintendent
